A NOTE ABOUT NEUTRALS:

Neutrals go with everything, which is why they’re called neutrals. It’s important to keep your wardrobe basics in the neutral range. They don’t have to be the same color, but work better in a variety. Here’s a handy reference chart of neutrals.

These don’t have to be solids either, a small plaid, stripe, or check pattern can be seen as a neutral as well.

*Keep in mind you neutral doesn’t have to be one of the above, it just makes it easier for buying pieces that are accent pieces. If you think your neutral should be red, that’s fine, just be sure all your other accent pieces work with red.
